

My designs are professional graphics created in 300ppi resolution that results in a high quality print. These graphics are typically available as JPG (.jpg) and PNG (.png) file formats making them compatible with the majority of photo editing programs. Heart2Heart Designs offers Layered Sketch Templates, Layered Quick Pages, and Ready Made Templates as Layered PSD (.psd) files designed specifically for Adobe® Photoshop Elements and Adobe® Photoshop but each template kit also includes a Layered TIFF (.tif) file that may work in other software programs.

**Additional file formats include but are not limited to:**

- .abr - Photoshop Brush (Adobe)
  - .aco - Photoshop Color Swatch File (Adobe)
  - .asl - Photoshop Layer Style (Adobe)
  - .atn - Photoshop Action File (Adobe)
  - .csh - Photoshop Custom Shape (Adobe)
  - .grd - Photoshop Gradient File (Adobe)
  - .pat - Photoshop Pattern File (Adobe)
  - .tpl - Photoshop Tool Preset File (Adobe)

*Layered Sketch Templates are intended to be an inspirational jump start to your project.  
The basic design work is already done for you allowing you to get to the fun stuff faster!*

**Layered Sketch Templates:**

My Layered Sketch Templates **MAY** be used to create Quick Pages in PNG (.png) format for sale or download. In other words you create a layout from the Layered Sketch Template with background papers, word art, replace any sample text with a significant quote, alphas, embellishments, etc. and "punch out" the photo area(s) and save in PNG (.png) format for others to use with their photos.

Layered Sketch Templates **MAY NOT** be resized, recolored, or have layers deleted or added for sale or download. In other words, you MAY NOT move an element 1/4" or change the color of a shape layer and considered it "changed". These Templates MAY NOT be resold in PSD (.psd) or TIFF (.tif) formats. Period!

**Layered Quick Page Templates:**

Layered Quick Page Templates **MAY** be use to create professional projects that contain photos and journaling for resale as a print or flattened JPG (.jpg) format.

Layered Quick Page Templates **MAY NOT** be resized, recolored, or have layers deleted or added for sale or download and resold as PNG (.png) quick pages. In other words, you MAY NOT move an element 1/4" or change the color of a shape layer and considered it "changed".

**Ready Made Templates:**

Ready Made Templates **MAY** be used to create professional projects that contain photos and text/journaling for resale as a print or flattened JPG (.jpg) format.

Ready Made Templates **MAY NOT** be used to create Quick Pages.

Ready made Templates **MAY NOT** be resized, recolored, or have layers deleted or added for sale or download and resold as PNG (.png) quick pages.

In other words, you **MAY NOT** move an element 1/4" or change the color of a shape layer and considered it "changed".

*It should go without saying but here it comes anyway. This license **DOES NOT** include the right to share, loan, rent, resell, redistribute, or transfer this file or any of its individual portions.*

*I LOVE what I do and hope you do too! I want to help you make your projects, personal or professional, be the best that they can be by offering high quality graphics, images, and templates at affordable prices. Your generous support of Heart2Heart Designs allows me to offer a very flexible Terms Of Use policy. Please be considerate and ethical when using my products.*
